

# SATURDAY AND SUNDAY DAYTIME PACKAGES

\***Tastings:** The Candy Apple Café and Cocktails provides a complimentary tasting for 2 people for events of 75 guests or more. In the case that a complimentary tasting is not included, we would be happy to schedule a reservation in our restaurant and extend a 20% discount so you can get a better idea of our food quality and presentation.

\***Saturday and Sunday are the busiest and most exciting days in the building.** We have created these special packages to ensure a memorable experience on these days. We understand and appreciate the fact that our guests want to ensure their event experience will be to their liking, so please ask your event manager for details on slight customization.
